

COVID-19 Case Summary by Geographic Region - LGLDHU

Map: Lab Confirmed Community-Based Case Counts & Recovered Cases by Region

Geographic Coordinate System: NAD 1983

Map Scale: 1:800,000

Total lab confirmed community based cases for LGLDHU as of 4:00 PM May 06, 2020. Case counts include the number of cases recovered.

Note 1: A lab identified that there was a problem with testing on April 26 and 27 with potential false positives on several people. These cases have been removed from the map retroactively pending reassessment.

Note 2: Community-based cases include community cases and health care workers but not retirement and long-term care facility cases. Currently there are 136 community based cases. However, 4 cases lack address information resulting in 132 cases being assigned to this map.

"Facilities" includes both retirement and long-term care homes.

- ★ Facility in COVID Outbreak
- Lanark West
- Lanark East
- UCLG Central
- UCLG East
- UCLG West
