

COVID-19 Case Summary by Geographic Region - LGLDHU

Map: Lab Confirmed Community-Based Case Counts & Active Cases by Region

Geographic Coordinate System: NAD 1983

Map Scale: 1:800,000

Total lab confirmed community based cases for LGLDHU. Case counts include the number of active and resolved cases.

Community-based cases include community cases and health care workers but not retirement and long-term care facility cases.

Cumulatively, there are 218 community-based cases in LGLDHU. Five cases lack address information resulting in 213 cases being assigned to the map. There are currently 6 active community-based cases in LGLDHU.

Note: This map is only updated when case counts change or when active cases are resolved.
