## **FACT SHEET**

## **Food Safety at Buffets**

Many people enjoy attending functions or restaurants that serve buffet style meals. This style of food service allows you to choose your favourite foods in a quantity that suits your appetite; however, the food may be handled by many people. Poor buffet etiquette may result in food becoming contaminated. The following tips will help keep the food on display safe.

## **Please Follow these Food Safety Tips:**

- Wash your hands or use hand sanitizer before entering the Buffet Line.
- Use the utensils provided to handle food. Do not touch food with your hands.
- When replacing spoons/tongs, etc. be sure to leave handles out of the food.
- Accompany and serve young children each time they approach the buffet table.
- Use only clean plates/bowls/cups at the buffet table for refills; never take used utensils back up to the buffet table.
- If you must cough or sneeze, please do so into your sleeve to avoid contaminating food.
- If you are ill or have been ill with symptoms of vomiting and diarrhea in the last 48 hours, please do not attend public functions.
