

If you think you may have measles, **OR** if **ALL** of the following apply to you:

- You have returned within the past 30 days from travel outside of Canada, AND
- You have had the symptoms of fever, cough, runny nose, conjunctivitis (red eyes), or a rash in the past 10 days, AND
- You were born after 1970, AND
- You have not received 2 doses of the measles vaccine

Then **DO NOT ENTER THIS BUILDING.**

Instead, call the organization whose building you are about to enter, or call your healthcare provider, to get information about next steps.
