Report on Population Health Indicators for LGLDHU

John Cunningham, Epidemiologist

Leeds, Grenville & Lanark District HEALTH UNIT
Your Partner in Public Health
www.healthunit.org

Introduction/Methodology

- Each section represents a priority goal for the health unit
- Each priority goal consists of many indicators
- Data from many different sources:
  - Better Outcomes Registry Network (BORN)
  - Ontario Student Drug-use & Health Survey (OSDHUS)
  - Canadian Community Health Survey (CCHS)
  - Well Water (WTISEN)
  - Environment Canada
  - Integrated Public Health Information System (iPHIS)
  - Hospital visits: National Ambulatory Care (NACRS)
  - Hospital Discharges: Discharge Abstract Database (DAD)
  - Mortality: Ontario Registrar General (ORG)
  - Population Data (Census – Statistics Canada)
  - Internal Health Unit Databases
