1.0 **Welcome/Introductions** – Robin Jones, LGL Board of Health second Vice Chair/Dr. Linna Li, LGL Medical Officer of Health & CEO

- Welcome to the September call. Peter McKenna, LGL Board of Health Chair, was unable to attend.

Merger Update

- The board of health is still waiting for the government to follow up with us. Administratively the work continues, and as a board member and a member of the transition team, we are doing our best to pull together many of the governance policies, particularly bylaws, so it would be ready for a merger.
- Also wanted to express how important the board feels about the municipalities we represent. We cherish the involvement of each and every one of your municipalities. Health unit staff continually amaze us with the work they do.
- We would be happy to take any comments or questions about merger related topics after the presentation.

2.0 **Topic:**

2.1 **Health Unit Role in Landlord/Tenant Complaints** – Kim McCann, Community Health Protection Division Manager

Introduction – Dr. Linna Li

- Presentation is about the health unit's role in landlord/tenant complaints. Sometimes they can be challenging to deal with and oftentimes they're unfortunate situations for a lot of the people involved. The ability of different players around the table, including the health unit and the municipalities, can be limited based on our role and what our legislation will allow.
- Presentation by Kim McCann, Manager of Community Health Protection. Presentation will be posted.

2.2 **Health Unit Website page:** [Municipal Staff & Partners](#) – Dr. Linna Li

- Visit the Leeds, Grenville and Lanark District Health Unit front page at: <https://healthunit.org/>
- Click on **For Professionals** at top right of your screen – this will display multiple tabs in a layout of tiled sub-windows
