

Your Child had Symptoms While at School

During the school day, your child presented with symptoms. As a precaution, your child was separated from other children and monitored by a staff member until you were able to bring them home. This action was carefully explained to your child.

What Should You Do Now?

- Take your child and siblings directly home. Remember to pick up siblings at other schools.
- To help guide you, complete the COVID-19 School Screening Tool with your child:
 - <https://covid-19.ontario.ca/school-screening/>
- If you have questions call your health care provider or your local public health unit:
 - Leeds, Grenville & Lanark District Health Unit: 1-866-236-0123 or
 - Eastern Ontario Health Unit: 1-800-267-7120 (press "5")
- Inform the school to let them know about the next steps and if your child can return to school.
